The Bible has sold more copies than any other book and continues to sell year after year. Continuing in its footsteps is the Eyewitness series written for the average person.

Flash back to first century AD. One man appeared who shook up the world. Four men testified to what they saw and heard. The details of Jesus' life were recorded by four of his closest followers. Each account is written from a different perspective and only one of the four tells the events in chronological order. Therefore, for centuries, the accounts have been told in out-of-sequence fragments.

Eyewitness compiles the information from the Gospels and hundreds of other Bible verses into one chronological story laid out like a story without reference or verse. The result is a seamless combination of the four gospel books that will appeal to customers across the board, even those who would not normally purchase a Bible. Multiple bindings and an aggressive advertising and marketing campaign will insure this line carries strong sales for years to come.
