Japanese Religions at Home and Abroad: Anthropological Perspectives

Hirochika Nakamaki

Japanese Religions at Home and Abroad: Anthropological Perspectives Hirochika Nakamaki

In this important book, a leading authority on Japanese religions brings together for the first time in English his extensive work on the subject. The book is important both for what it reveals about Japanese religions, and also because it demonstrates for western readers the distinctive Japanese approaches to the study of the subject and the different Japanese intellectual traditions which inform it. The book includes historical, cultural, regional and social approaches, and explains historical changes and regional differences. It goes on to provide cultural and symbolic analyses of festivals to reveal their full meanings, and examines Japanese religions among Japanese and non-Japanese communities abroad, exploring the key role of religion in defining Japanese ethnic identity outside Japan.
