The first and only guide for gay men on how to make sure that when they go out looking to hook up, they don't come home disappointed. Jonathan Bass breaks it all down so that any guy can be getting more than he's getting now. In this book, you'll find the pros and cons of where to hunt: bars, clubs, sex clubs, gay resorts, vacation spots. And because this is the online age, there's also a chat room guide: what certain phrases mean and what to look out for—because we all know men don't lie, right? You'll get tips on the importance of self-assuredness and knowing how to flirt; how to convince a guy to try something new (like you!); how to send the right signals; how to make the other guys he's checking out look bad; and how to use your friends to help you get laid. You will also learn how to navigate the gray area between one-night stands and dating, and finally you'll learn sleeping-around etiquette along the lines of how not to be rude when you're being a naughty boy.
