Making Globalization Work Joseph E. Stiglitz

"A damning denunciation of things as they are, and a platform for how we can do better."—Andrew Leonard, *Salon*

Building on the international bestseller *Globalization and Its Discontents*, Joseph E. Stiglitz offers here an agenda of inventive solutions to our most pressing economic, social, and environmental challenges, with each proposal guided by the fundamental insight that economic globalization continues to outpace both the political structures and the moral sensitivity required to ensure a just and sustainable world. As economic interdependence continues to gather the peoples of the world into a single community, it brings with it the need to think and act globally. This trenchant, intellectually powerful, and inspiring book is an invaluable step in that process.
