The Complete Guide to Drones: whatever your budget Adam Juniper

Welcome to the world of drones! This book will show you everything you could ever want to know about buying and flying your first drones. From getting to grips with the jargon you'll need to speak to other flyers, to how you can design and build your own drone with advanced features like live video feedback and programmable autopilot. You'll even learn how to read a sectional chart (that's a pilot's map-see, you're learning already!)

This book is your gateway to the fun (and the learning) that awaits, and it'll keep you safe in the skies too.
