The book is aimed at those who use wheelchairs, walkers or just have mobility issues. Organized geographically, the book is divided into 22 chapters, with each chapter detailing a loop driving route that can be completed in approximately 2-3 weeks. The routes are spaced throughout the US, with each route having a theme or a commonality. Each route begins in a gateway city with a major airport, so the trips can also be completed as fly-drive packages. And of course they can always be broken up into shorter trips, or even day excursions. Flexibility is the key with this book, with plenty of opportunity to personalize each route to meet individual tastes, time frames and budgets.

She also gives readers a real flavor of the drives, with off-the-beaten-path finds, unique roadside attractions and rural driving routes also included. After all, accessibility is in the eye of the beholder; and what may be accessible to one person can be filled with obstacles to someone else.
