Planning Educational Facilities: What Educators Need to Know Glen I. Earthman

Planning Educational Facilities: What Educators Need to Know is a book about planning and the responsibilities educators have in the process of planning for educational facilities. The book covers every aspect of planning that needs to be done to complete any capital improvement project from the assessment of need to the evaluation of the product and process. The text is the most comprehensive book on planning educational facilities on the market.

Each planning process is described in detail explaining the role of the superintendent and school personnel. Descriptions of the various means of contracting with a firm for the construction of a building of the completion of a capital improvement project is provided with a discussion of the benefits and problems involved.

The book also contains a chapter devoted to problem-based learning activities which were derived from practical situations. These activities provide a very practical experience of solving typical problems in the planning process. This text can be used by the practitioner as a guide to follow in planning educational facilities. It can also be used as a text in a school planning course.
