## Stormy Weather Dermot Davis

*"With "Stormy Weather", novelist Dermot Davis has deftly crafted a minor literary masterpiece. Fully engaging from beginning to end, this fictional portrayal of the role of dreams with respect to human behavior is as entertaining as it is thoughtful and thought-provoking." - THE MIDWEST BOOK REVIEW*

### **CHANTICLEER SOMERSET AWARDS FINALIST 2014 (CONTEMPORARY FICTION)**

Robert Munro, a therapist specializing in dream interpretation, awoke one morning to find himself in a dream from which he could not awaken. Experiencing first hand the limitations of his own training and theories, he must solve the puzzle of his own dream in order to break free from its bondage. In the process, he'll better understand himself, other people, and the nature of consciousness itself.

What begins as the captivating story of one man's descent into the dream world of his own subconscious soon becomes a heart-wrenching novel of surprise and inner discovery, raising questions about the reliability of memory, childhood trauma, psychological repression and the limits of conscious awareness and human self-understanding.
