At present, China is in the crucial phase of reform and in the key and prominent phase of development. Therefore, China's development shows a series of new phase characteristics: our Party has to face the long-term, complicated and rigorous governing test, the reform and opening-up test, the market economy test and the external environment test. In face of profound changes of worldly affairs, national affairs and party affairs, as well as difficult, complicated and heavy tasks of reform and opening-up and socialist modernization, Party's Fourth Plenary Session of the Seventh Central Committee stressed the ability cultivation of leader groups and leader cadres should be strengthened by centering on driving scientific development and promoting social harmony, especially the improvement of skills in planning development, overall development, optimized development and promoting development, as well as mass work, public services, social management and stabilization maintenance, focus on abilities of acting by law under new trends, and emergency management, public opinion guidance, emerging media utilization, doing well in national religions. "Talking with Officials" series book, centered on "skills" and "abilities", designs "talking" topics in four aspects: learning knowledge, expanding vision, improving ability and promoting work. It is not only relaxing in "talk" but also makes you clear in "talk"; it is not only "talk" in height and depth, but also effective and practical.
