What About the Music?

What About the Music? George McPherson Jr.

Music has become a dominant force in today's world. The biggest problem with music today is the presence of unseen evil forces (Satan and his evil angels). Perhaps we can glance at this pandemonium in many of our larger churches. We know Satan is present in worldly music due to the life styles of those involved in the industry. However, the reason for this book is to make us aware of how that O serpent is deeply involved in church music. Satanic led individuals are glad to lower the standards of God through music and other devices. I realize many ministers and church members will disagree with what I have written, but I invite each individual to pray, seek the Lord and I believe God above will give you and I answers. My experiences have allowed me to know that God is not contented with the music used in several of our churches today. There are sincere individuals who are highly educated and represent the small percentage who are endeavoring to bring this worldly style of music in to the SDA church and other churches; however, mistakes such as these have been made in biblical times. We are rapidly falling into the same predicaments as Israel when they decided to choose an earthly king over the King of kings. Stop look and listen to the voice of the Holy Spirit speaking to your hearts as He has spoken to mine's. I am sure it is real and I see so many of my friends and fellow saints caught up in this pandemonium. Verify what the Bible, history and science has to say and with a prayerful mind seek the Lord while He may be found.
