## **Emergency and Trauma Radiology: A Teaching File (LWW Teaching File Series) Daniel B. Nissman**

Part of the popular Teaching Files series, Emergency and Trauma Radiology: A Teaching File is an exceptional resource for radiology trainees and practicing radiologists who are interested in reviewing the basics of this diverse and challenging field. 300 cases, both in print and online, are portrayed through high-quality images similar to those you see in daily practice. Each emergency or trauma case includes images, along with descriptions of clinical history, findings, differential diagnosis, a discussion of diagnosis, relevant questions with appropriate answers, reporting requirements, and key information to relay to the treating physician. It's an ideal review tool both for practicing clinicians as well as those studying for board and certification exams.
