Trousdale County has a history as fascinating as it is long. The region's early reputation stemmed from its well-known race track, a forum that attracted to town such notables as Andrew Jackson and Sam Houston. In the turbulent Civil War years, Confederate General John Hunt Morgan staged the most successful cavalry raid of the war in Hartsville, overwhelming a larger Union force and capturing over two thousand men. During Reconstruction, tobacco emerged as a major crop for the area and today Hartsville boasts one of the top tobacco markets in the state. The history of the county is not all famous names and dramatic events; in many ways the most interesting tales are about the ordinary folks and the way they lived their lives. From the time of the earliest settlers, who forged the Immigrant Trail through Trousdale County in the late eighteenth century, to the present, this area has been home to the humble and the great, the freeman and the slave, the patriot and the soldier, the laborer and the businessman. Combining rare images with a wealth of historical information, this delightful volume brings to life the past of a traditional, yet dynamic, region of Tennessee. This marvelous collection of more than two hundred rare images celebrates Trousdale County's rich history and highlights some of the major industries and events that shaped the area. Most assuredly, this book reaches deep into the area's soul, offering up a multitude of strong images and valuable insights for resident and visitor alike.
