Mastering Autodesk Maya 2014: Autodesk Official Press Todd Palamar

Hands-on intermediate-to-advanced coverage of the leading 3D software

Autodesk Maya is the industry-leading 3D animation and effects software used in movies, visual effects, games, and other genres. If you already know the basics of Maya and are ready to elevate your skills, then this book is for you. Nearly 1,000 pages are packed with organized, professional, and valuable insight on the leading 3D application on the market, enabling you to unlock the software's more complex features. Ideal as both a tutorial and study guide for the Autodesk Maya exam, this Autodesk Official Press book gets you up to speed on Maya's latest features and expands your skills with advanced instruction on cloth, fur, and fluids.

- Features challenging tutorials and real-world scenarios from some of the leading professionals in the industry
- Provides you with valuable insight into the entire CG production pipeline
- Covers the very latest Maya 2014 tools and features, including updates to dynamics, Maya muscle, stereo cameras, assets, rendering with mental ray, and more
- Helps you gain proficiency in high-level techniques for film, television, game development, and more

If you've been looking for a complete, professional quality Maya resource to turn to again and again, look no further than *Mastering Autodesk Maya 2104*.

From reader reviews:

Frank Miller:

Why don't make it to be your habit? Right now, try to prepare your time to do the important take action, like looking for your favorite e-book and reading a publication. Beside you can solve your long lasting problem; you can add your knowledge by the publication entitled Mastering Autodesk Maya 2014: Autodesk Official Press. Try to make book Mastering Autodesk Maya 2014: Autodesk Official Press as your close friend. It means that it can for being your friend when you feel alone and beside those of course make you smarter than before. Yeah, it is very fortunated for you personally. The book makes you much more confidence because you can know every little thing by the book. So , let me make new experience in addition to knowledge with this book.

Gary Lopez:

Book is written, printed, or outlined for everything. You can learn everything you want by a e-book. Book has a different type. As it is known to us that book is important matter to bring us around the world. Close to that you can your reading skill was fluently. A reserve Mastering Autodesk Maya 2014: Autodesk Official Press will make you to be smarter. You can feel far more confidence if you can know about almost everything. But some of you think that will open or reading a book make you bored. It isn't make you fun. Why they can be thought like that? Have you in search of best book or appropriate book with you?

Sheila Cyr:

Playing with family in a park, coming to see the ocean world or hanging out with pals is thing that usually you have done when you have spare time, after that why you don't try thing that really opposite from that. One activity that make you not experience tired but still relaxing, trilling like on roller coaster you already been ride on and with addition of information. Even you love Mastering Autodesk Maya 2014: Autodesk Official Press, you can enjoy both. It is great combination right, you still wish to miss it? What kind of hangout type is it? Oh can occur its mind hangout people. What? Still don't obtain it, oh come on its named reading friends.

Wesley McFarland:

This Mastering Autodesk Maya 2014: Autodesk Official Press is completely new way for you who has curiosity to look for some information as it relief your hunger of knowledge. Getting deeper you onto it getting knowledge more you know or else you who still having little bit of digest in reading this Mastering Autodesk Maya 2014: Autodesk Official Press can be the light food in your case because the information inside this particular book is easy to get by simply anyone. These books produce itself in the form which is reachable by anyone, that's why I mean in the e-book web form. People who think that in e-book form make them feel sleepy even dizzy this guide is the answer. So there is not any in reading a publication especially this one. You can find actually looking for. It should be here for you. So , don't miss the idea! Just read this

e-book type for your better life in addition to knowledge.
