Ignition: Creating A Better World For Our Grandchildren John Campbell

There is a growing belief worldwide that things have gone terribly wrong. We are plagued by corruption, violence, greed and self-interest. And we know that this is unsustainable in societal, economic and environmental terms.

We need ideas to help us change the system so that we can be positive about our world, what we do and how we do it. We need to believe that there is enough to go around, we need to live within the planet's capacity and we need to change our language from positional, ideological argument to genuine dialogue.

This book provides a framework and some questions to help you make this change.
