Immersed in Media: Telepresence in Everyday Life (Routledge Communication Series)

Immersed in Media: Telepresence in Everyday Life (Routledge Communication Series)

"Over the next few decades, immersive media could fundamentally change the ways humans engage in entertainment, communication, and social interaction. The current volume takes a step towards understanding this potential paradigm shift, combining insights from pioneers of the field of 'presence' with bright young scholars who bring a new perspective." ?*Jeremy Bailenson, Stanford University, USA*

"This book provides an indispensable contribution to scholars in communication studies, computer science and psychology interested in the modes of being present in different media, and offers a careful historical and theoretical framework to the state-of-the-art research."?*Anna Spagnoli, University of Padova, Italy*

"Bracken and Skalski have assembled a collection of works from the world's foremost authorities on telepresence, a topic that has gone understudied for years. Someone has finally assembled a comprehensive volume on the subject. This book is a must not only for those interested in telepresence, but for mass communication scholars of all kinds."?*Kenneth A. Lachan, University of Massachusetts, Boston, USA*

Immersed in Media highlights the increasing significance of telepresence in the media field. With contributions representing diverse disciplines, this volume delves into the topic through considerations of popular media types and their effects on users. Chapters in the work explain how the experience of presence can be affected by media technologies, including television, video games, film, and the Internet. They also discuss how presence experience mediates or moderates commonly studied media effects, such as enjoyment, persuasion, and aggression. These discussions are accompanied by overviews of the current state of presence research and its future. Ultimately, this work establishes the crucial role of telepresence in gaining a complete understanding of the uses and effects of popular media technologies.

Do you often have book but you seldom get what it's about. Oh come on, that would not happen if you have this with your hand. The Enjoyable blend here cannot be questionable, similar to treasuring beautiful island. So do you still want to miss that? Find this book as well as read it from at this point!

Debra Rubino:

Is it you actually who having spare time and then spend it whole day by simply watching television programs or just resting on the bed? Do you need something totally new? This Immersed in Media: Telepresence in Everyday Life (Routledge Communication Series) can be the response, oh how comes? It's a book you know. You are thus out of date, spending your time by reading in this new era is common not a geek activity. So what these guides have than the others?

Paulette Rodriguez:

As a university student exactly feel bored to reading. If their teacher requested them to go to the library or make summary for some guide, they are complained. Just tiny students that has reading's spirit or real their hobby. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading very seriously. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is to be complicated. Book is very important to suit your needs. As we know that on this era, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore , this Immersed in Media: Telepresence in Everyday Life (Routledge Communication Series) can make you feel more interested to read.

Kyle Gill:

What is your hobby? Have you heard that will question when you got learners? We believe that that issue was given by teacher to their students. Many kinds of hobby, Every person has different hobby. And you know that little person such as reading or as studying become their hobby. You must know that reading is very important as well as book as to be the issue. Book is important thing to increase you knowledge, except your personal teacher or lecturer. You get good news or update about something by book. Different categories of books that can you go onto be your object. One of them are these claims Immersed in Media: Telepresence in Everyday Life (Routledge Communication Series).
