The feminine holds the mystery of creation. This simple and primordial truth is often overlooked, but at this time of global crisis, which also carries the seeds of a global transformation, we need to reawaken to the spiritual power and potential of the feminine. Feminine qualities belong to both men and women, and they draw us into the depths within us, into the mysteries of the soul whose wisdom is called Sophia. Without the feminine nothing new can be born, nothing new can come into existence—we will remain caught in the materialistic images of life that are polluting our planet and desecrating our souls. We need to return to the core of our being, to where the sacred comes into existence. And the mystical feminine holds the key to this work of redemption and transformation.

Over the past two decades Llewellyn Vaughan-Lee has given different teachings on the feminine and the anima mundi, the World Soul. They are compiled here for the first time.
