## **Bioética e pesquisa em seres humanos (Portuguese Edition)** Luiz Antonio Bento

Este livro apresenta-se como uma contribuição para o aprofundamento de princípios da eticidade do agir do homem no campo das pesquisas biomédicas. Embora reconhecendo no seu princípio o valor da pesquisa, há uma preocupação em assegurar o pleno respeito e valor da dignidade da pessoa humana. A biomedicina hoje está presente na sociedade como um dos ramos mais promissores da biotecnologia. Isso significa que é fundamental conhecer as suas possibilidades e aplicações na vida prática do ser humano. Não se trata de uma utopia científica, mas uma realidade sempre mais perto de nós que, se bem usada, poderá ser de grande benefício para a humanidade. Em razão da rapidez com que caminha o desenvolvimento biotecnológico, o respeito ao ser humano não pode ser subordinado ao interesse das ciências e da atividade experimental.
