Shadows of Forgotten Ancestors

Carl Sagan, Ann Druyan

Shadows of Forgotten Ancestors Carl Sagan, Ann Druyan

"Dazzling...A feast. Absorbing and elegantly written, it tells of the origins of life on earth, describes its variety and character, and culminates in a discussion of human nature and the complex traces of humankind's evolutionary past...It is an amazing story masterfully told."

FINANCIAL TIMES (LONDON)

World renowned scientist Carl Sagan and acclaimed author Ann Druyan have written a *ROOTS* for the human species, a lucid and riveting account of how humans got to be the way we are. It shows with humor and drama that many of our key traits--self-awareness, technology, family ties, submission to authority, hatred for those a little different from ourselves, reason, and ethics--are rooted in the deep past, and illuminated by our kinship with other animals. Astonishing in its scope, brilliant in its insights, and an absolutely compelling read, *SHADOWS OF FORGOTTEN ANCESTORS* is a triumph of popular science.

From the Trade Paperback edition.
