A Deadly Wandering Low Price CD: A Tale of Tragedy and Redemption in the Age of Attention Matt Richtel

An ordinary Utah college student named Reggie Shaw fatally strikes two rocket scientists while texting and driving. Pulitzer Prize-winning *New York Times* reporter Matt Richtel follows Reggie from the moment of the tragedy, through the police investigation, the state's groundbreaking prosecution, and ultimately, Reggie's wrenching admission of responsibility. Richtel parallels Reggie's journey with leading-edge scientific findings regarding human attention and the impact of technology on our brains.

Remarkably, today Reggie is a leading advocate who has helped spark a national effort targeting distracted driving, and the arc of his story provides a window through which Richtel pursues actionable solutions to help manage this crisis individually and as a society. A propulsive listen filled with fascinating scientific detail, riveting narrative tension, and rare emotional depth, *A Deadly Wandering* is an audiobook that can change—and save—lives.
