## **A Tale of Two Kingdoms** Mira Heares

*A Tale of Two Kingdoms* is a fairytale intended for sophisticated younger audiences. The story is set at the ambiguous time of English history when many legends of wizards were born, perpetuated only by the word of mouth until these were recorded as a colorful testimony to English trends and traditions.

The main hero of this book is not our usual Prince Charming but Merlin, who dedicates his last years of life to create a perfect government for two unsuspecting countries without compromising their autonomy. This results in a thousand years of peace and prosperity for the two kingdoms, until uprising against him influences the events in the new direction. Merlin successfully channels the odds against him in their favor, bringing us to a satisfying and happy finale.
