Aliens: More than Human (Aliens (Dark Horse)) John Arcudi, Wes Dzioba

A group of wildcat planetary prospectors plant their flag on a distant new world, rich in land, resources... and the greatest archaeological discovery in history, an ancient complex of impossible proportions carved deep within the living rock, a mind-numbing labyrinth of passages, ramps, bridges, and galleries that seems to extend endlessly. But as the exploration of the leviathan dead city proceeds deeper and deeper, the members of the team slowly begin to lose their grip on reality, and madness gives way to fear as the explorers begin to disappear. Something else lives within the necropolis, a faceless horror as deadly and merciless as space itself, a lethal terror that has waited centuries to awake... and destroy. At long last, Dark Horse Books heralds the return to graphic fiction of the heavyweight champion of modern science-fiction/horror, Aliens! Features the top-flight creative team of writer John Arcudi, penciller Zach Howard, and inker Mark Irwin.
