El Amor es polvo de estrellas (Spanish Edition)

André Vergara

El Amor es polvo de estrellas (Spanish Edition) André Vergara

Resulta una tarea inquietantemente complicada, por no plasmar aquella palabra que discute acerca de los hechos que jamás tendrán un lugar en la realidad, entender las representaciones que nacen, viven y mueren en los escenarios del destino. No existe ser humano que no haya probado el sabor de sus caprichos. Por ejemplo, la historia que voy a presentarle a continuación, encierra entre sus partes la idea de que todos los hombres y mujeres del orbe, avanzan por un sendero que posee más posibilidades de las que se pueden imaginar. A veces para bien, a veces para mal, el tercer globo seguirá su marcha incansable y nosotros continuaremos envueltos en un sinfín de sucesos en los que haremos las veces de protagonistas, antagonistas y accesorios.
