**More-than-Human Sociology: A New Sociological Imagination (Palgrave Provocations)** Pyyhtinen

More-than-Human Sociology is a call for a bolder, more creative sociology. Olli Pyyhtinen argues that to make sociology responsive to life in the 21st century we need a new sociological imagination, one that addresses connectivity, understands the world in which we live as both a human and non-human world, and is sensitive to the multiple scales on which things exist. A fresh and innovative take on the promise of sociology, this book will appeal to scholars and students both within sociology and the social sciences more broadly.
