Así habló Fidel Castro es una compilación de pensamientos, reflexiones, fragmentos de escritos y de discursos con un sentido didáctico. El contenido abarca el periodo entre el 24 de marzo de 1952 y el 19 de febrero de 2008, ordenándose por temas y cronológicamente. Fidel es una figura controvertida y polémica. Cruel dictador para unos y benefactor para otros, ha estado casi medio siglo ininterrumpido gobernando a su país porque los cubanos, ya sea por una razón u otra (apoyo, aceptación resignada o incapacidad para removerlo del poder), se lo han permitido. Hoy, a raíz de su delicado estado de salud, ya no está gobernando, pero mientras esté y se encuentre lúcido nadie se atreverá a decir o hacer lo que realmente piensa. Se especula mucho acerca de la preparación de ajustes de cuentas, de conspiraciones hasta que se renueve con gente joven la cúspide del poder, de reformas económicas al estilo chino, etcétera. Pero ahora, lo real es que lo acontecido con su enfermedad, más las periódicas reflexiones que publica en Granma (órgano del Comité Central del Partido Comunista de Cuba) le han permitido preparar psicológica y operativamente al país para la prolongación del socialismo real más allá de su ausencia definitiva. Lo que fue inesperado para él, también lo fue para sus más encarnizados adversarios; y es que, hasta ahora, cualquier cosa maquinada en su contra siempre ha concluido de la misma manera: con el fracaso.
