Two decades ago a groundbreaking book called "The Frog in the Kettle" changed what we believe about the evangelical Church and its influence in America. Subsequent books by George Barna have become must-reading for church leaders and concerned Christians everywhere. Now Barna takes a fresh look at the Church--where we stand and where we are headed--at the dawn of the new millennium. With revealing statistics from cutting-edge research that illustrate the changing beliefs and attitudes in our society today, this book clearly shows the Church is at a crucial juncture in history--a time of rapid change in which we must begin to anticipate the world's needs in order to meet them.
